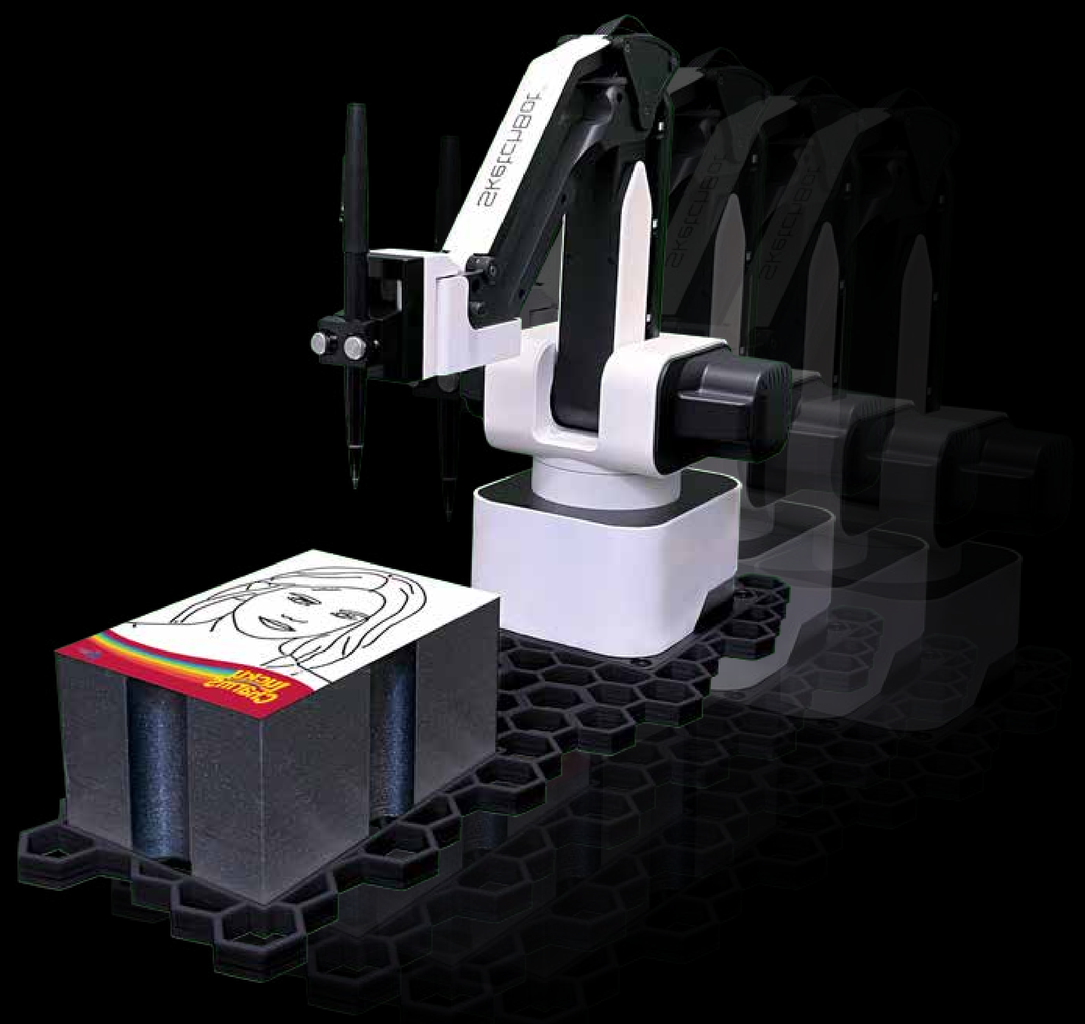
THE SKETCHBOT EXPERIENCE

dream

AiON 2023 NEW RELEASES

THE SKETCHBOT EXPERIENCE

¿WHAT IS IT?



It’s a totally innovative experience in which robotic arms, in real time and in less than a minute, draw portraits of people.

1.Take a picture.

2.Transform.

3.Sketch!

The Sketchbots have learned how to do over +6,000 sketches from artists using artificial intelligence.

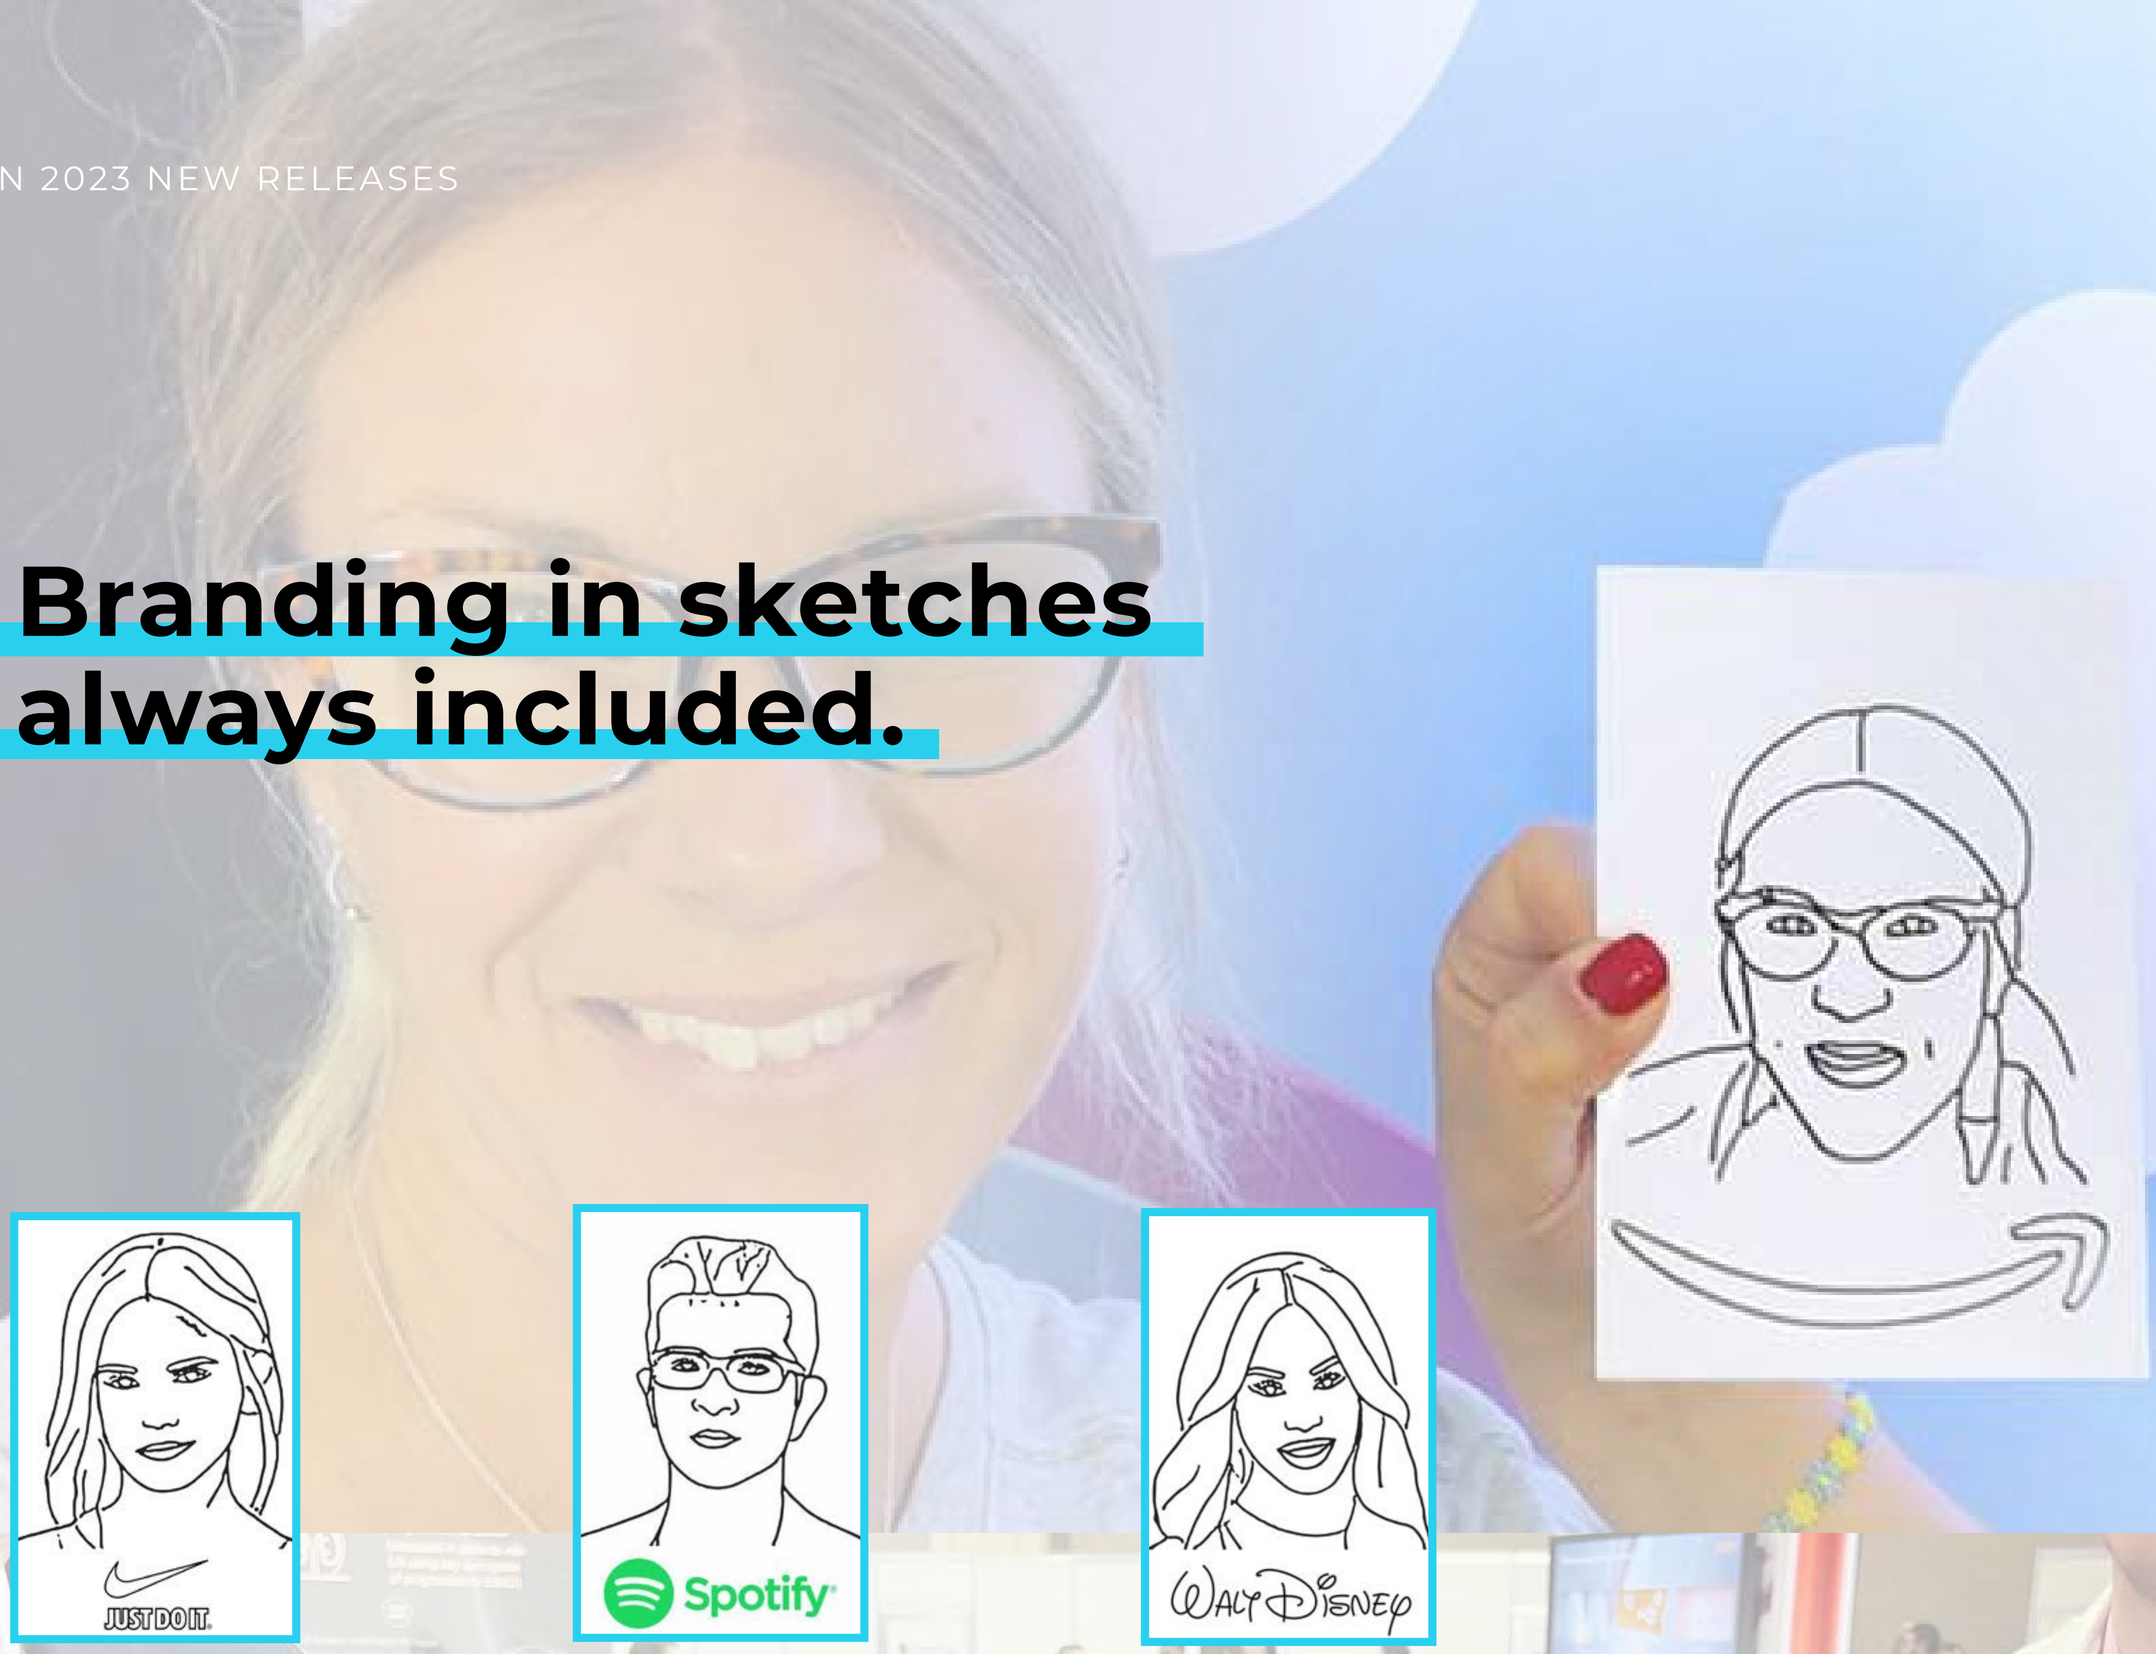
Branding in sketches always included.



A memorable experience

A shareable experience.

AiON

THE SKETCHBOT MOSAIC EXPERIENCE.

¿WHAT IS IT?

The Sketchbots make incredible sketches of guests on a sticker. Then, each guest places their drawing in the corresponding spot on a grid. Little by little, a unique and impressive mosaic is created. All of this happens in real time, and a live mosaic can have anywhere from 100 up to +7000 sketches.

1.Take a picture.

2.Transform.

3.Sketch!

4.Mosaic!

This is obtained by the awesome automatic learning and AI.
